INDEPENDENT AUDITORS' REPORT

GROWTH ENERGY CAPITAL ADVISORS LLC
(d.b.a. Energy Capital Solutions LLC)

We have audited the accompanying statement of financial condition of Growth Energy Capital Advisors LLC (d.b.a. Energy Capital Solutions LLC) (A Limited Liability Company) (the "Company") as of December 31, 2008 and 2007, and the related statements of income (loss) and changes in member's equity, and cash flows for the years then ended that you are filing pursuant to rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financing reporting. Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Growth Energy Capital Advisors LLC (d.b.a. Energy Capital Solutions LLC) as of December 31, 2008 and 2007, and the results of their operations and their cash flows for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in Schedule I is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by rule 17a-5 under the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

GROWTH ENERGY CAPITAL ADVISORS LLC

(d.b.a. Energy Capital Solutions LLC)

(A Limited Liability Company)

NOTES TO FINANCIAL STATEMENTS

1. ORGANIZATION AND NATURE OF BUSINESS

Growth Energy Capital Advisors LLC (d.b.a. Energy Capital Solutions LLC) (A Limited Liability Company) (the "Company") is a broker-dealer registered with the Securities and Exchange Commission (SEC) and is a member of the Financial Industry Regulatory Authority, Inc. (FINRA). The Company is a Texas limited liability company that is a wholly-owned subsidiary of Growth Energy Capital Solutions LP (the "Parent").

The Company is controlled by the Parent. The entities share expenses and engage in intercompany transactions (See Note 7).

2. SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The Company is engaged in a single line of business as a securities broker-dealer dealing in mergers, acquisitions, and the private placement of securities throughout the United States.

Use of Estimates in the Preparation of Financial Statements

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of the assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash

Cash includes all cash balances.

Income Tax

The entity is taxed as a partnership for Federal income tax purposes. Accordingly, Federal income is taxed at the member level. The Company is subject to state franchise tax.

3. INCOME TAX

The Company files a combined state income tax return with the Parent. The provision for state income tax represents the applicable share allocated to the Company.

4. CONCENTRATION OF CREDIT RISK

Financial instruments that potentially subject the Company to credit risk include cash on deposit with one financial institution. As of December 31, 2008 and 2007, the balance was \$1,735,961 and \$50,000, respectively. The balance was insured for up to \$100,000 by the U.S. Federal Deposit Insurance Corporation.

5. CONTINGENCIES

In the ordinary course of conducting its business, the Company may be subjected to loss contingencies arising from lawsuits. Management believes that the outcome of such matters, if any, will not have a material impact on the Company's financial condition or results of future operations.

6. NET CAPITAL REQUIREMENTS

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (SEC rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1 (and the rule of "applicable" exchange also provides that equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1). As of December 31, 2008 and 2007, the Company had net capital of \$1,735,961 and \$50,000, which were \$1,730,961 and \$45,000 in excess of its required net capital of \$5,000, respectively. The Company's net capital ratio was 0.0 to 1 for each year.

7. RELATED PARTY TRANSACTIONS

The Company derives its revenue from its association with the Parent. The Company's operating and general and administrative expenses are paid by the Parent. The Company pays the Parent a discretionary management fee. For the years ended December 31, 2008 and 2007, the Company paid management fees to the

Parent of approximately \$4,300,000 and \$19,543,000, respectively, which has been reflected in the accompanying statement of operations, in operating, general and administrative expenses. The existence of this association creates operating results and a financial position significantly different than if the companies were autonomous.

SUPPLEMENTAL INFORMATION

GROWTH ENERGY CAPITAL ADVISORS LLC

(d.b.a. Energy Capital Solutions LLC)

(A Limited Liability Company)

SCHEDULE I

COMPUTATION OF NET CAPITAL UNDER RULE 15c3-1
OF THE SECURITIES AND EXCHANGE COMMISSION

See Notes to Financial Statements

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL
OF A BROKER-DEALER CLAIMING AN EXEMPTION
FROM SECURITIES AND EXCHANGE COMMISSION RULE 15c3-3**

Growth Energy Capital Advisors LLC:

In planning and performing our audit of the financial statements of Growth Energy Capital Advisors LLC (the "Company"), as of and for the years ended December 31, 2008 and 2007 in accordance with auditing standards generally accepted in the United States of America, we considered the Company's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company including consideration of control activities for safeguarding securities. This study included tests of such practices and procedures that we considered relevant to the objectives stated in rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons and recordation of differences required by rule 17a-13
2. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices

(Continued) - 1

and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control and the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A *control deficiency* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A *significant deficiency* is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control.

A *material weakness* is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity's internal control.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such

purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures, as described in the second paragraph of this report, were adequate at December 31, 2008, to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC, FINRA, and other regulatory agencies that rely on rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers and is not intended to be, and should not be used by anyone other than these specified parties.

A handwritten signature in black ink, appearing to read "M. B. [unclear] Co.", with a large, stylized "M" and a long, sweeping underline.
